Dear Mr. Duncan:

I find in looking over your file on this well that on August 20, 1953, you filed Form C-102 stating that you had moved a rotary rig off of the hole at a total depth of 2140 feet and were moving a larger rig in to complete it. As that is our last report on the well, will you please inform us as to the present status of the well.

Very truly yours,
