1. The above information is being provided to you for your information only. It is not intended to be used for any other purpose.

1. The Commission is required to develop a plan of work for the year 1960. The plan should be based on the results of the work of the Commission in 1959 and on the recommendations of the Council of Ministers. The plan should also take into account the needs of the Member States and the progress of the work of the Commission in other areas.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the East (CLPE) in the United States. This is a serious matter, as the CLPE is a known and active organization which has been active in the United States for many years. It is a matter of concern to the Commission that the Government of the United States has not provided any information regarding the activities of the CLPE in the United States.
