Dear Sir

Mr. Clark, of the Clark Bros.
agency, called me yesterday, and
wanted to close out that Oil well
plugging bond that we, as I purchased
early in the spring, to permit us
to drill a well on Pass Galaway, north
of Copatan four mi, which we never
drilled. We put in for the permit,
and got it, but never went down
with the well.

Now the way that I understood
Mr. Clark, I will need a release from
your office, before he can close this bond
thing out.

Please let me hear from you
in regard to this thing.
