Dear Rand,

We recommend the above captioned wells be plugged to protect the fresh waters of the state of New Mexico, and the environment and correlative rights in the area.

According to the information we have received Rault Petroleum was placed in Chapter 7 Bankruptcy by the U.S. Bankruptcy Court for New Mexico on May 6, 1985. We have no formal notification of this however, only a letter provided to us by Yates Petroleum Corp. from the United States Department of the Interior.

If I may assist you further please let me know.

Yours Truly,

Ray Smith  
Deputy Oil & Gas Inspector
