Gentlemen:

We are returning the enclosed Forms C-101 and C-102 on the subject well for corrections and additional information.

In our opinion the proposed casing program is not adequate for a 15000' well.

Please revise same and submit your Blowout Preventer Program.

If you have any question concerning this matter please feel free to call upon me.

Sincerely,

A handwritten signature in cursive script, reading "W. A. Gressett".
