Re: Dwight L. Smith--Well #1
Section 21-15S-11E
Otero County, New Mexico

Dear Mr. Bell:

In answer to your letter of March 15, 1963. In regard to Dwight Smith above mentioned well, we have talked to Mr. Smith about this well and have sent him application forms (conversion to a water well) he returned the forms signed only by himself, which could not be used since forms must be signed by land owner and the operator and notarized.

I am sending you forms to have he and the land owner fill out. The forms are self explanatory.

Very truly yours,

OIL CONSERVATION COMMISSION
