1 Well 12-12S-9E, W. J. Conover, J.M. Lelelling #1
 Trip to check status of well.
 Checked well and found well not producing. The road has washed out to well. There are no lines hooked up to well for sales or for producing. There are two blow down lines from well head to pit. The well is colsed in.

 I visited with Mr. W. J. Conover and at the present time he is planning on selling the well. He will notify us when he sells the well or before he produces the well.
