Re: Burro Canyon Unit
#1Y-J-2-21-20
Otero County, NM

Gentlemen:

To complete our records on the subject well, please submit Form C-103, Plugging Report, Form C-105, Well Completion Report and Log, with all of the required attachments including drill stem, deviation tests and the logs.

Further, I note from the recently submitted P & A report that one of the plugs that had been approved was not placed in the well.

Please contact this office at your earliest convenience concerning this matter.

Sincerely yours,

W. A. Gressett
Supervisor, District II
