

DEVELOPMENT PLAN FOR SURFACE USE ON BEARD-FEDERAL LEASE

Attached is a segment of a map in Sierra County, New Mexico showing the location of the proposed wildcat well. Also attached are the following listed items as requested by the U.S.G.S.

1. Existing roads.
2. Planned access to the location. (Approx. 7,250' of 12' wide 6" compacted road)
3. Offsetting Pool wells. (None - Dry & Aband. Beard #1 Jornada Del Muerto shown approx. 6 miles Southwest)
4. Lateral roads to other wells.
5. Location of tank battery and flow line will be furnished at a later date.
6. Water will be hauled in from an off lease source. (Possibly from the L7 Ranch.)
7. The drilling contractor will be required to comply with OSHA requirements.
8. No camps are involved.
9. No airstrips are involved.
10. A sketch of the location layout is attached showing the position of the rig, pipe rack and reserve pit, as well as the size of the location.
11. The location will be restored to the satisfaction of the Bureau of Land Management.
12. The drilling site area consists of flat, sandy terrain with sparse vegetation (no deep gullies or ravines) and the drilling of this well will not adversely affect the environment.
13. API Series 900 Blowout Prevention Equipment will be used with 3000 psi working pressure, tested according to industry standards. (See Equip. Disc. Attached)
