

- E. Trash will be buried in a trash pit and covered with a minimum of 24 inches of dirt. All waste material will be contained to prevent scattering by the wind.
- F. All trash and debris will be buried or removed from the well site within 30 days after finishing completion operations.

(8) Ancillary Facilities

- A. None required.

(9) Wellsite Layout

- A. Exhibit "C" shows the relative location and dimensions of the well pad, mud pits, trash pit, and major rig components.
- B. The wellsite will require a cut of approximately 2 feet.
- C. The reserve pit and fresh water pit will be plastic lined.
- D. The pad and pit area has been staked and flagged.

(10) Plans for Restoration of the Surface

- A. After completion operations, all equipment and other material not needed for operations will be removed. Pits will be filled and location cleaned of all trash and junk.
- B. Any unguarded pits containing fluid will be fenced until they are filled.
- C. Any special rehabilitation and revegetation requirements of the surface management agency will be complied with and accomplished as soon as possible. All pits will be filled and levelled within 90 days of completion or abandonment of the well.

(11) Other Information

- A. Topography. Terrian cut by small arroyos as orientated north-south.
- B. Soil. Is primarily gravel with spotted accumulations of aeolian sand.
- C. Flora and Fauna. Dominated by creosote, snake weed, prickly pear and mesquite.
- D. Ponds and Streams. There are no rivers, streams, lakes, or ponds in the area.
- E. Residences and other structures. There are no residences in the area.
- F. Archeological, Historical, and Cultural Sites. None observed in this area.
- G. Land Use. None
- H. Surface Ownership. Federal (Bureau of Land Management).

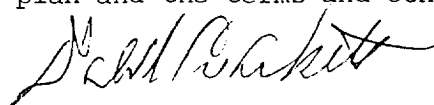

(12) Operator's Representative

The field representative responsible for assuring compliance with the approved surface use and operations plan is:

Dale R. Crockett
Getty Oil Company
P.O. Box 730
Hobbs, NM 88240
Office Phone: 505-397-3571
Home Phone: 505-393-6326

(13) Certification

I hereby certify that I, or persons under my direct supervision, have inspected the proposed drillsite and access route; that I am familiar with the conditions which presently exist; that the statements made in this plan are, to the best of my knowledge, true and correct; and, that the work associated with the operations proposed herein will be performed by Getty Oil Company and its contractors and subcontractors in conformity with this plan and the terms and conditions under which it is approved.

Dale R. Crockett
Area Superintendent
