Gentlemen:

Application is hereby made for administrative approval of a 40-acre non-standard unit and unorthodox well location for the above captioned gas well. This well was drilled and operated by J.B. Adamson and was never completed. We have since taken over and completed the well as a dry-gas well testing at 75MCFD.

Attached is a plat showing the acreage involved and the offset operators. All offset operators have been furnished a copy of this application and plat by certified mail (receipts attached).

Very truly yours,

Nelson A. Muncy
