Artesia, New Mexico

OK
Have been corrected

Dear Mr. Armstrong:

On February 7, 1955, Forms C-110 were filed, State #11 & 12, for Section 36-17S-27E, in the Red Lake Pool showing Artesia Pipe Line Company as transporter.

It has come to our attention that there no longer is a company by that name, but that the transporter is Malco Pipeline Division, Malco Refineries, Inc.

Please advise if it will be necessary to file additional Forms C-110. Perhaps this change has been taken care of by Malco a year ago.

Yours very truly

DELHI-TAYLOR OIL CORPORATION
