New Mexico Oil Conservation Commission
Drawer DD
Artesia, New Mexico

Attention: Mr. M. L. Armstrong

Dear Sir:

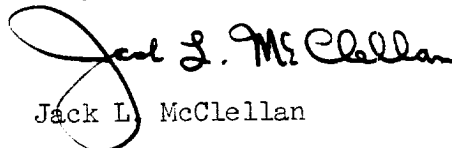

I am in receipt of your letter of September 1, 1963 cancelling the allowable on the above captioned well for failure to file Form C-116.

The failure to file this form was not an oversight on my part in as much as the well is not producing any oil at this time and is making only approximately thirty-five barrels of water.

When I potentialized, this well had our tanks full and assuming that the fluid thereof was all oil; however, shake out indicated that approximately one-half was water.

We plan to rework this well in the next several weeks and if new oil is achieved, I will again furnish my request for allowable. I trust this procedure is satisfactory and if there is any additional information that you require, please let me know.

Very truly yours,

Jack L. McClellan
