Mr. J. H. Wells State Geologist,  
Santa Fe, N. Mex.

Following is a notice of intention to do certain work as described below at the

Fred Brainerd et al Well No. 1 in NEW  
COMPANY OR OPERATOR LEASE  
 of Sec. 2, T. 17, R. 28, N. M. P. M.  
 Oil Field, Eddy County.

**DETAILS OF PROPOSED PLAN OF WORK**

Desire permission to set approximately 1460 ft. of 8 5/8" casing. We encountered the red sand at 1390-1395 which carried about 3 barrels of salt water per hour.

I propose to mud behind this casing with approximately three yards of heavy mud. This is a solid cut area and by mudding behind will be able to pull casing if the sand is found.

Dear Sir;

Enclosed please find monthly report of operations on FRED BRAINARD et al well in Sec. 2-17-28, for the month of March. I did not send in a report for Feb. inasmuch as we were barely started.

I am also inclosing a notice of intention to set a 7-1/8" casing, which I trust will be approved.

As you will notice on the report for the month of March, we set 520 ft. of 8" casing. I should have made notice of intention to set this casing and should have sent notice of work done but just completely forgot it and trust that you may overlook my carelessness this time and assure you that I will be better in the future. By way I put a complete shut off.

Yours very truly,

*Fred Brainard*
