Attention: Mr. L. W. Hansen, Supervisor
Oil - New Mexico

Dear Mr. Hansen:

Reference is made to your letter of April 8, 1955,
requesting clarification of the name State No. 1 well which is
currently drilling in Section 4, Township 21N, Range 20E, Adair
County, Oklahoma.

Please be advised that we wish to change the well
designation from State No. 1 to General State No. 1. This new
designation should help to clarify the confusion existing naming
the well State No. 1.

If the above proposal should meet with your approval,
please advise if it will be new sent to the New Mexico Oil Council
to drill.

Yours very truly,

WILLIAM VICTOR GILKINSON
