

# OIL CONSERVATION COMMISSION

205 CARPER BUILDING  
ARTESIA, NEW MEXICO

December 1, 1953

Delhi Oil Corp.  
Corrigan Tower  
Dallas 1, Texas

Attention: Mr Tyson Cleary, Jr.

Dear Sir:

With reference to your letter of November 27, 1953, whereby you are requesting an increase in allowable from four (4) barrels to eleven (11) barrels per day for your Delhi-State No. 2 well NE NW Sec. 29-17S-28E Red Lake Pool, Eddy County, New Mexico.

I have called Mr. A. L. Porter, Jr., Proration Manager, at Hobbs today giving him notice of your request for the increase due to a Hydrafrac job on the above mentioned well, and he so stated that your increase will become effective December 1, 1953.

In the future, forward your request for increase in allowable direct to:

A. L. Porter, Jr. Proration Manager  
Box 2045  
Hobbs, New Mexico

This is important, in that the granting of an increase in allowable on a work over job becomes effective on that date which the proration office receives your request. Mail all other Notices and Reports on Eddy County wells to the Artesia office of the Oil Conservation Commission as you have in the past.

Thanking you for your cooperation,

OIL CONSERVATION COMMISSION

BY   
L. A. Hanson  
Oil & Gas Inspector

LAH/rm

cc: A. L. Porter, Jr. OCC Hobbs, N.M.  
Well file.
