17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

This well was put back into operation 10-1-81. The well was circulated with approximately 400 barrels of fresh water to clean the well to T.D. The well came in at approximately 10 barrels a day for 4 days but has leveled off at 3 barrels per day. We therefore request an allowable of 3 barrels per day for this well.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
