Re: Menefee Well No.1-L,  
Section 19-17-26, Eddy  
County, New Mexico

Dear Mr. Angle:

On June 3, 1970, the subject dry oil well test was assigned to Mr. Donald Menefee as a water well. The affidavit assigning the well to Mr. Menefee stipulated that the pits were to be filled, the location leveled and cleaned of junk.

Recent field inspections indicate that this cleanup work has not been performed. Until the location has been leveled, as noted above, the plugging report on Form C-103 cannot be approved.

Your early attention to this matter will be greatly appreciated.

Very truly yours,

OIL CONSERVATION COMMISSION
