Re: Yates Petroleum Corporation
No. 1 Manseau "E" and No. 1 Tom Brown "G" Gas Unit
Eddy County, New Mexico
(TW M.S. 1278-1 & 1296-1; GPC 3535)

Dear Sir:

Attached is a copy of a letter received from Yates Petroleum Corporation. We can advise you that Transwestern Pipeline Company is connected to and taking gas from the subject wells, however we have received no information regarding workovers on these wells and therefore, we are unable to confirm the producing zones in these wells.

We have accepted the information as shown in the attached letter and will change our records accordingly.

Very truly yours,

J. H. Tillery, Jr.

ARTESIA, OFFICE

Transwestern Pipeline Company
P. O. Box 2521
Houston, Texas 77001
Attn: Mr. Nat Aicklen

Dear Nat:

Please advise Mr. Bill Gressett, NMOCC, Artesia of the following changes:

1. Manseau "EK" No. 1, Eagle Creek Strawn, Sta. 1278, date of connection was April 23, 1978, downhole commingled with Eagle Creek Permo Penn, Sta 1278-1, with production prorated 99% to the Strawn and 1% to the Permo Penn.
2. Tom Brown "GO", Kennedy Farms Morrow, Sta 1296-1, effective February 28, 1979, disconnect Upper and Lower Morrow; effective March 1, 1979, connect Lower Morrow perfs 8504-3512.

Mr. Gressett is aware of these changes but needs your confirmation.

Thank you.

Yours very truly,

YATES PETROLEUM CORPORATION
