Re: Ralph Nix
#1-J-29-18-26
Wildcat Wolfcamp Pool

Gentlemen:

As of November 13, 1986 all paper work for completing the Wolfcamp Zone for the above captioned well has been received by this office.

However, it has been noted that no notice of intention was filed on this well and the following problems are not explained.

1. No cement on CIBP as required.
2. Apparently not enough cement to separate pays from producing zone behind casing.
3. Need new plat to show dedicated acreage to Wolfcamp gas well.

The allowable approval will be withheld until an explanation is received as to why this work was done without approval.

Very truly yours,

Les A. Clements
Supervisor District II
