Gentlemen:

On May 14, 1959 a survey was made to locate your No. 3 location on the USA Malco Refineries "F" lease at a point 990 feet from the South line and 660 feet from the West lines of Section 1, Township 18 South, Range 27 East, N.M.P.M., Eddy County, New Mexico.

A flag was set at the USGLO Quarter corner marker common to Sections 1 and 2, and the Transit was set up at the USGLO Section corner marker common to Sections 1, 2, 11 and 12. Thence chaining N0°43'W from Transit a distance of 990 feet, thence S89°11'E 660 feet to the location site of the USA Malco Refineries "F" No. 3. As a check on our survey we chained S0°43'E 990 feet and N89°11'W 660 feet to the USGLO Section corner marker common to Sections 1, 2, 11 and 12, checking in within the minimum allowable error for this survey.

I hereby certify that the foregoing survey was made in the field under my supervision and that the same is true and correct to the best of my knowledge and belief.

Respectfully submitted,

John W. West**RECEIVED**
