(County or Subdivision)

New Mexico
(State or Territory)

The elevation of the derrick floor above sea level is _____ ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudlogging jobs, cementing points, and all other important proposed work)

As per our conversation with Mr. Frost, we plan to run 1144' of 7" casing and cement with 100 sacks.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Company David C. Saikin et al

Address Artesia, New Mexico
