17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1703.

The above well was shut in on October 1, 1974. The well was shut in because it was a high GOR well. The allowable was transferred under NMOCC Orders R4548, R4549, R4549A, R4549B. Holding for secondary recovery and as a pressure observation well. The status of well is subject to change as the producing characteristics of the unitized area changes. No estimated date of change of status. This well is part of the Empire Abo Pressure Maintenance Project per OCC Order No's R4548, R4549 & as amended. Request an extension of present status.
