

FEB 8 1979

D. C. C.
ARTESIA, OFFICE

APPLICATION OF YATES DRILLING COMPANY
TO EXPAND ITS WATER FLOOD PROJECT IN
THE ARTESIA POOL IN EDDY COUNTY,
NEW MEXICO

ORDER WFX NO. 472

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION DIVISION

Under the provisions of Order No. R-4609, Yates Drilling Company has made application to the Division on January 30, 1979, for permission to expand its Artesia Metex Unit Waterflood Project in the Artesia Pool in Eddy County, New Mexico.

NOW, on this 1st day of February, 1979, the Division Director finds:

1. That application has been filed in due form.
2. That satisfactory information has been provided that all offset operators have been duly notified of the application.
3. That waivers of objection have been received from such offset operators.
4. That the proposed injection well is eligible for conversion to water injection under the terms of Order No. R-4609.
5. That the proposed expansion of the above referenced water flood project will not cause waste nor impair correlative rights.
6. That the application should be approved.

IT IS THEREFORE ORDERED:

That the applicant, Yates Drilling Company, be and the same is hereby authorized to inject water into the Grayburg formation through cement-lined tubing set in a packer at approximately 1800 feet in the following described well for purposes of secondary recovery, to wit:

Artesia Metex Unit Well No. 52, located in Unit M of Section 25, Township 18 South, Range 27 East, NMPM, Eddy County, New Mexico.

IT IS FURTHER ORDERED:

That the operator shall take all steps necessary to ensure that the injected water enters only the proposed injection interval and is not permitted to escape to other formations or onto the surface.

That the casing-tubing annulus shall be loaded with an inert fluid and equipped with a pressure gauge at the surface or left open to the atmosphere to facilitate detection of leakage in the casing, tubing, or packer.

That the injection well or system shall be equipped with a pop-off valve or device which will limit the wellhead
