

INSTRUCTIONS

This form is to be filed with the appropriate District Office of the Division not later than 30 days after the completion of any newly-drilled or deepened well. It shall be accompanied by one copy of all electrical and resistivity logs from the well and a summary of all special tests conducted, including drill stem tests. All depths reported shall be measured depths. In the case of other (usually drilled) wells, true vertical depth shall also be reported. For multiple completions, Items 30 through 34 shall be repeated for each zone. This form is to be filed in triplicate except on state land, where six copies are required. See Rule 1105.
