Re: Taft McGee No. 1 Schenck
NE/4 NE/4 Section 15, T19S,
R26E, Eddy County, New Mexico.

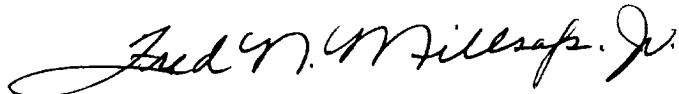

Gentlemen:

We understand that the subject well has been plugged and as a result thereof the lease, which Taft McGee held on this acreage, has expired. According to the records in the County Clerk's office Taft McGee has not filed a release for this acreage. We would appreciate any information that you might give us which would give definite evidence that this well has been plugged. We would like a photostatic copy of the plugging record, if at all possible.

Any information that you can give us pertaining to this well will be greatly appreciated.

Yours very truly,

THE ATLANTIC REFINING COMPANY

This well has been partially plugged but will have to be completed before we can approve. I have nothing about the lease.
