Dear Mr. Hanks:

We are returning the enclosed Forms C-101 and C-102 on the subject wells for corrections and additional information.

On Forms C-101, for both wells, you show them to be on State Land; however, according to my map, they are private land. Also you failed to show the proposed production casing and cementing program for each well.

On Form C-102, when more than one lease is dedicated to a well, as is the case on Molly Com. #1, outline each identify the ownership thereof (both as to working interest and royalty).

According to our records, the Julie has only one lease dedicated thereto, so you would not add Com. to the lease name, just show working interest and royalty owners.

If you have any questions concerning this matter, please feel free to call upon me.

Sincerely yours,

W. A. Gressett
