

INSTRUCTIONS

This form is to be filled with the appropriate District Office of the Commission not later than _____ after the completion of any newly-drilled or deeper well. It shall contain a complete record of all electrical and radioactivity measurements, as well as a summary of all special tests conducted, including permeability tests. An electric log shall be submitted by this. In the case of an electrically influenced well, true vertical log shall also be submitted. A complete summary of the Penn. or through 14 shall be reported for each zone. The form is to be filled in duplicate except on state land where only one copy is required. (See Rule 117.)
