Gentlemen:

We are in receipt of your Form C-116, GOR Report on the above captioned well, and your request for an increased allowable.

However, before an increase in the allowable for this well can be approved, we must have something showing why this increase is needed.

The last paperwork in this well file is dated July, 1982. We will need a Form C-103 showing what was done to increase the production on the above shown well.

As soon as we receive the required paperwork, we will increase your allowable.

Very truly yours,

Leslie A. Clements
Supervisor, District II
