

Test #	Items Tested	Pressure Pt.	Pressure	Minutes Held	Results
1	Pipe rams, Kill-line & chokeline valves	Down drill pipe	0		Leak thru pipe rams, operate
2	"	"	0		Leak, Yellowjacket test plug
3	"	"	500#		Leak thru pipe rams, operate
4	"	"	0		Leak by Yellowjacket plug, reset
5	"	"	1000#		Leak thru pipe rams and inside flange on kill-line at stack
6	85' 8 5/8 casing with Yellowjacket packer, Hydril inside chokeline & kill-line	Down drill pipe	500#		Leak, stack not full
7	"	"	1500#		Leak lost & repressure 3 times. Thru Hydril, operate
8	Closed pipe rams	"	1500#		Leak, lost & repressure, leak thru pipe rams, operate
9	"	"	1500#		Leak, lost & repressure 2 times. leak thru pipe rams
10	"	"	1500#		Leak, same
11	"	"	1500#		Leak same and inside flange on Tee at stack
12	Hydril 85' casing inside chokeline & kill-line with Yellowjacket packer	"	1500#		Leak, loss, up several times, leak thru Hydril, operate
13	"	"	1500#		Leak by Yellowjacket packer & Hydril
14	Blind rams, inside kill-line & manifold	Gauge connection	3000#	6 min	loss & repressure, No visible leak
15	Kill-line check outside manifold	"	3000#	10 min	No visible leaks
16	Pipe rams, inside chokeline & kill-line	Down drill pipe	2000#		Leak thru pipe rams, rig could not keep enough air to keep closing pressure up
17	"	"	3000#	5 min	No visible leak
18	85' casing Hydril inside chokeline & kill-line with Yellowjacket packer	Down drill pipe	1500#	6 min	No visible leak
