13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

ARCO Permian requests a variance to Onshore Oil and Gas Order No. 5 concerning the use of AGA Committee Report No. 3, 1985 Second Edition. These standards were revised and published as AGA Committee Report No. 3, 1992 Third Edition, which has been adopted by the industry as the standard practice. We request the option to use AGA Committee Report No 3, 1992 Third Edition since publishing. The federal leases that are affected by this request for variance, where the equipment allows us to do so, are attached for consideration.

14. I hereby certify that the foregoing is true and correct.
