Dear Sir:

In response to your letter of December 7, 1964, enclosed herewith are two copies of all logs on the subject well. Also, enclosed are two copies of each of the temperature surveys.

The dirt work will be completed by January 1, 1965. C.M. Berry Construction Company, who is doing the clean up, will notify you when this work has been completed. The marker will be corrected as you specified.

If you need any additional information please advise.

Very truly yours,
