Dear Mr. Yates:

On January 14, 1972, an inspection was made of the site of the subject plugged and abandoned well. Said inspection revealed the following items which require correction before the plugging report may be approved.

1. Location clear of all junk.
2. Pits levelled.
3. Deadmen cut and covered.

Please notify this office when the work has been done so that we may reinspect the location.

Very truly yours,

OIL CONSERVATION COMMISSION
