13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Due to archaeological problems, Yates was unable to get final Bureau of Land Management approval in time to construct the road and location completely. Location is under construction and the drilling rig is standing by. Yates plans to spud with a rathole machine and set conductor pipe. Finish construction of the road and pad and move in drilling rig within the next seven days.

14. I hereby certify that the foregoing is true and correct
