13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

This sundry is to revise/amend the H2S Drilling Operations Plan included in the Application for Permit to Drill dated August 6, 1997, and approved by the BLM on August 27, 1997.

This revision is to fully define the use of the "trailer", which will only be used for drill stem testing, completion and production operations. A trailer will NOT be on location at all times during drilling operations. A trailer will only be on location during drill stem testing, completion and production operations. (Paragraph 6)

NOTE: Please see the attached revised H2S Drilling Operations Plan

14. I hereby certify that the foregoing is true and correct
