Re: Agreed Compliance Order

Dear Ms MacQuesten:

Please find attached Arch Petroleum Inc.'s list of noncompliant wells and the operations that have been done to bring these wells back into compliance. According to our records the Bertie Whitmire #9 well (30-025-20686) is the only well left on the noncompliant list. This well will be returned to production, or TA status will be requested before the April 30, 2006 deadline.

If you have any questions, please feel free to call. My number is (432)685-8100.

Sincerely,

Cathy Wright
