If a Watercourse was Impacted, Describe Fully.\*

Describe Cause of Problem and Remedial Action Taken.\*  
This release was caused when an oil hauler with Trade Star fell asleep while loading his truck. The tanker began to run over. The truck driver shoveled soil over the spilled oil.

By OCD District 1 at 2:17 pm, Sep 17, 2015

Describe Area Affected and Cleanup Action Taken.\*  
This release remained on the pad. Trade Star responded quickly and dispatched a hydrovac to start initial clean-up. This site was addressed per NMOCD guidelines.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
