Dear Mr. Brunson:

NMOCD approves of the delineation workplan and proposed remediation for 1RP-4396. Like approval from BLM is required regarding the depth of excavation in terms of revegetation requirements when site is reclaimed. Please see attachment for your records.

Thanks,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
