Fulfer-OWL 147 approval ltr.pdf  
approved\_10Oct2017\_Fulfer\_Signed C-147 Permit.pdf

---

Dear Mr. Burns:

NMOCD approval is given for the proposed OWL Fulfer Recycling Facility and Containment. Please be advised that this email message serves as documentation for approval. A hard copy will not be sent. Please see the attachments for your records: 1) the letter of approval indicates the specific variances approved and 2) signed C-147 application with the permit number issued for the Fulfer Recycling Containment.

The Recycling Containment is issued an identifier **1RF-23**.

Monthly usage reports on the form C-148 are expected electronically to NMOCD- District I office. NMOCD also may ask for periodic updates on containment conditions and inspection logs. For future communications, please remember to include the identifier 1RF-23 for tracking and record-keeping purposes.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Ms. Yu,

Please see Mr. Billings comments below about final notice from the district office. I know typically

these are approved out of Santa Fe, so if there is anything you need from Owl to help with the review process, please let me know.

Thanks

All

See email below. The permit for the Fulfer has been approved by the state office. You might have your local guys check with the district office if you haven't heard anything from me in the next couple of days.

Jimmy

Hello All,

So I have processed the three apps in front of me with Envirotech. Todd #2, Rattlesnake and Fulfer. I have approved them for the Districts to handle and send notification to you and the specific operators.

Variances have also been approved as well as the fencing requests. It is not official until you get District(s) notification, but that should be soon. Thank you for your efforts.

Bradford Billings  
OCD/Santa Fe.
