**Subject:** Request for Public Notice Extension, AP-72 and AP-73

Good morning Jim,

On behalf of Chesapeake I am respectfully requesting your approval of a three week extension to publish the Public Notice of the Stage 2 Abatement Plans for the AP-72 and AP-73 sites. Per Rule 19, the public notices were due to be published by tomorrow, March 22. Chesapeake personnel need to review and approve the proposed text of the notices before sending it to you for your approval prior to publication. In addition to the need for review and approval, the Lovington newspaper publishes on Tuesday, Thursday and Saturday which limits our ability for publication.

We would appreciate your approval of this extension request to publish the Public Notices on April 11, 2013.

Regards,  
Sharon Hall

**Subject:** RE: Revised Public Notices, M-1 and L-2

Sharon,

Your revised public notice are both hereby approved. Once they are running, please send me proof of publication both in the county and statewide, along with proof of notice to the surface owners within one mile, the Lea County Commission, and the NM Trustee for natural resources as required under 19.15.30.15 NMAC

**Subject:** AP-73 Chesapeake/State L-2 Stage 2 Abatement Plan

Sharon,

In *Section 3.2 Groundwater Remediation and Monitoring* (page 3) of the proposal dated 3/27/12 it states that an additional monitoring well is to be installed downgradient of the former battery. Would you please provide more specific information in this regard. Perhaps an approximate location on a scaled site map. Thank you.

**To:** Larry Wooten  
**Cc:** sharon.hall@arcadis-us.com; Chase Acker (chase.acker@chk.com)  
**Subject:** Stage 2 Abatement Plan Approval: AP-73 Former State L-2 Tank Battery located in Unit Letter C of Section 19 in Township 17 South, Range 36 East, NMPM in Lea County, NM

Mr. Wooten,

The Oil Conservation Division (OCD) has reviewed the Stage 2 Abatement Plan for the above-referenced site submitted on your behalf by Arcadis and dated 3/27/12. That plan has substantially met the requirements of 19.15.30 NMAC and is hereby approved. Please proceed with field activities.

Be advised this approval does not relieve Chesapeake of responsibility should the situation continue to pose a threat to groundwater, surface water, human health, or the environment. Furthermore, this approval does not relieve your responsibility for compliance with any federal, state, or local laws and/or regulations. Please retain a copy of this email for your files, as no hardcopy will be sent. If you have any questions, please feel free to contact me at any time.
