Subject: RE: OXY Red Tank 28 Federal #1 CTB (1RP-4741) - Delineation Workplan

Mr. Brunson:

NMOCD approves of the delineation and proposed remediation for 1RP-4741. In the remediation report, please include an appropriately-scaled map with these items:

1. Release point marked;
2. Depth of excavation annotated;
3. Confirmation sample locations demarcated with GPS coordinates. Bottom and sidewall samples should be <= 50 ft. apart.
4. Permissible chloride level is 600 mg/kg.

Please confirm or inform for clarification. Like approval from BLM required.

Thanks,

Olivia Yu

Environmental Specialist

NMOCD, District I

Olivia.yu@state.nm.us

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: OXY Red Tank 28 Federal #1 CTB (1RP-4741) - Delineation Workplan

Olivia and Shelly,

Please find the attached Delineation Workplan and remediation proposal for the OXY Red Tank 28 Federal #1 CTB (1RP-4741). OXY is requesting that you review this plan and is looking forward to both the OCD's and BLM's approval.

If you have any questions, please let me know.

Thanks, Cliff
