---

Mr. Brunson:

Please also remember to submit the soil bore log for SB-1.

Thanks,  
Olivia

**Subject:** RE: COG Loco Hills SWD - Delineation Workplan

Mr. Brunson:

This release was issued a 1RP-4493 on February 24, 2017. See attachment.

One question: was the water table tagged at 65 ft. bgs for SB1?

NMOCD approves of the delineation completed and proposed remediation for 1RP-4493. Confirmation sidewall samples tested for BTEX, TPH extended, and chlorides are required. In the remediation report, please include an appropriately scaled map with the release point and confirmation sample locations demarcated with GPS coordinates.

Like approval from BLM required.

Thanks,

Olivia Yu  
Environmental Specialist  
NMOCD, District I  
[Olivia.yu@state.nm.us](mailto:Olivia.yu@state.nm.us)  
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

**Subject:** COG Loco Hills SWD - Delineation Workplan

Olivia, Art, and Shelly,

Please find the attached Delineation Workplan and remediation proposal for the COG Loco Hills SWD Pipeline release site. COG is requesting that you review this plan and is looking forward to both the OCD's and BLM's approval.

If you have any questions, please let me know.

Thanks, Cliff
