Dear Mr. Allen:

NMOCD approves of the delineation completed for 1RP-4359. No further remediation is required.

Please submit a final C-141 for closure.

Like approval from NMSLO is required.

Thanks,

Olivia Yu

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
