Good Morning,

NMSLO agrees with NMOCD that remedial obligations have been met.

Thank you,

Amber Groves

Subject: RE: EnergyQuest - Final C-141 for 1RP-4369

Dear Mr. Davis:

Please be advised that the referenced 1RP is incorrect.

The available information indicates **OPERATOR** has met the requirements of 19.15.29 NMAC and no further corrective action is required. NMOCD considers **1RP-4359** closed. This determination by the Oil Conservation Division does not relieve Operator of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Operator of responsibility for compliance with any federal, state, or local laws and/or regulations.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: EnergyQuest - Final C-141 for 1RP-4369

Please find attached EnergyQuest's final report C-141 for 1RP-4369. EnergyQuest has received approval of the delineation report from both NMOCD and NMSLO, with no additional remediation requirements.

Thank you.

Larry D. Davis
Environmental Quality Manager
