Good Morning,

I have this legal description listed as fee surface. SLO would not have jurisdiction over surface reclamation. Please contact the landowner for approval.

Thank you,

Amber Groves

Mr. Tavaréz:

NMOCD approves of the delineation completed and proposed remediation for 1RP-4701. Confirmation sidewall and bottom samples must be demonstrate permissible levels of BTEX, TPH extended, and chlorides. Please demarcate confirmation sample locations with GPS coordinates on an appropriately scaled map.

Like approval from NMSLO required.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Olivia and Amber,

Attached is the work plan for the above referenced site located in Lea County, New Mexico. The

work plan details the sampling activities and assessment data performed at the site. Once approved ,we will notify you before we start the proposed remediation. Let me know if you have any questions or concerns, thanks
