**RE: Corrective Action Plan  
ConocoPhillips Battle Axe 27 Federal 2H Well  
NMLC 068281B**

Ms. Yu:

ConocoPhillips (CoP) has prepared this Corrective Action Plan (CAP) to address potential environmental concerns at the above-referenced site.

**Background and Previous Work**

On Thursday the 4th, 2018 at 08:00 am, a release of produced water/oil mix occurred due to a faulty weld resulting in the release of 61 BBLs of produced water/oil mix with 55 BBLs of fluid recovered. Immediate action was to shut down and repair the faulty section of pipe. NMOCD was notified of the release on January 8, 2018, and an initial C-141 was submitted (Appendix A).

Due to this spill being over top of the previous spill in this location (1RP- 4903) we request that the same remediation be used for both spills. As such we will complete the following for 1RP-4903 and 1RP-4916.

COP personnel were on site to visually assess the release on January 4th. The release was mapped and photographed (Appendix B). Based on the assessment, the release will be excavated down 6 inches bgs. Once the excavation is completed, discrete samples will be taken and field tested for chlorides and organic vapors. If the field data indicates that the composite will not achieve chloride, Gasoline Range Organics (GRO), Diesel Range Organics (DRO) and BTEX readings below regulatory standards, the excavation will be deepened until field testing indicates that all constituents from bottom discrete samples will return values below regulatory standards. 5 discrete samples will be collected in total. The 5<sup>th</sup> will be from the center of the spill and will go down as deep as the spill penetrated. The samples will then be taken to a commercial laboratory to confirm that chloride, GRO, DRO and BTEX readings are below regulatory standards.

All excavated soils will be taken to a NMOCD approved facility for disposal. Clean soil will be imported to the site to serve as backfill and contoured to the surrounding location

Once these activities have been completed, a report will be sent to NMOCD requesting 'remediation termination' and site closure.

Please call me if you have any questions or wish to discuss the site. Sincerely,

Joseph McLaughlin  
HSE Specialist

### NATURE OF RELEASE

Type of Release: <b>PRODUCE WATER &amp; OIL MIX</b>	Volume of Release: <b>61</b>	Volume Recovered: <b>55</b>
Source of Release: <b>Flow Line</b>	Date and Hour of Occurrence <b>1/4/2018 0800</b>	Date and Hour of Discovery <b>SAME</b>
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Olivia Yu, & Shelly Tucker	
By Whom? <b>Joseph McLaughlin</b>	Date and Hour: <b>1/8/2018 1030 phone call</b>	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	

If a Watercourse was Impacted, Describe Fully. \*

N/A

Describe Cause of Problem and Remedial Action Taken. \*

On January 4, 2018 at 0800 hrs. at Battle Axe 27 Federal COM 2H Well, a release was found originating from a flow line. Release resulted in a release of 61 bbl. Of PW/Oil Mix with 55 bbl. recovered. Immediate action was to isolate the flow line stopping the release. Spill site will be remediated per COPC & BLM, and NMOCD guidelines.

Describe Area Affected and Cleanup Action Taken. \*

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
