Kellie,

Our department had some personnel changes during that time frame and I don't think the C-141 was submitted, I will see that the Form C-141, Initial/Final Report gets to you this week, possibly before the end of today. Also when replying to Yates e-mails you do not have to Cc: IncidentReportingNM.

Thank you.

Bob,

Good morning. I was just following up on this notification. Do you know when a C-141 will be submitted?

Thanks,

Kellie Jones

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
