Ms. Johnson:

NMOCD approves of the proposed delineation plan for 1RP-3178 with one clarification. Please be advised that there is a USGS well (330907103483001) within 1000 ft. of the release location- on the same side of the Mescalero Ridge, adjacent to Caudill Ranch- indicating depth to groundwater around 60 ft. bgs in 1994.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: 1RP-3178 Waka Tank Battery #1 & #2 Delineation Plan, February 20, 2018

Dear Ms. Yu,

Larson & Associates, Inc. (LAI), on behalf of Legacy Reserves Operating, LP (Legacy), submits the attached delineation plan for a produced water spill at the Waka Tank Battery #1 & #2 (1RP-3178) in Chaves County, New Mexico. Your approval of the delineation plan is requested. Please feel free to contact Manuel Soriano with Legacy at (432) 269-8806 or jsoriano@legacylp.com , or me at (432) 687-0901 (office) or (432) 664-5357 (cell) if you have any questions.

Respectfully,

Sarah Johnson
