Good morning Mr. Grubbs:

Thank you for your follow-up. Pardon for missing your call yesterday afternoon.

The modified proposed remediation plan for 1RP-4818 is approved with the change in regards to S-8.

Olivia

Ms. Yu,

Thank you for the notice to proceed with the recommended remediation plan. We have addressed your comments below in the attached revised plan addressing remediation requirements at location S-8.

We will be scheduling this work in the near future.

Best regards,

Richard T. Grubbs, P.E.

Subject: **[**EXTERNAL**]** RE: Submit the attached delineation plan to NMOCD for 1RP-4715

Good morning Ms. DeLeon:

NMOCD approves of the additional delineation completed for 1RP-4818 and proposed remediation plan with these clarifications:

- Is there a plan for remediation of the area represented by SB-8? Chloride levels exceed 600 mg/kg at 1-2 ft. bgs.
- Confirmation bottom and sidewall/edge samples are required for each of the proposed differing depths of excavation.
- Provide a scaled map with the confirmation samples demarcated.

Please confirm or inform for clarification.

Like approval from BLM required.

Thanks,
Olivia

Josie,

Please submit the attached Delineation Report for 1RP-4818 to Olivia Yu with the NMOCD.
Please cc Shelly Tucker with the BLM, myself, and Mark Larson.

Regards,
Rich
