Amber,

I went ahead and sent you every report leading up the latest one dated in December which should has the latest bore hole sampling data. We are really just waiting for Doc Oberding to sign off on the final C141 to get this closed up. He has verbally stated he's happy with the closure but unfortunately has yet to sign off. If you have any detailed questions regarding this report contact Austin Weyant with SMA. Thank you and if you have any other questions please feel free to contact me.
